

TOM LABOURDETTE

PURCHASING & SUPPLY CHAIN

PROFESSIONAL PROFILE

Graduate of a Master's degree in Purchasing & Supply Chain (INSEEC MSc Bordeaux) with 3 years of work-study experience in supply chain, I manage flows, stocks and service KPIs on SAP and Power BI.

PROFESSIONAL EXPERIENCE

SUPPLY CHAIN MANAGER (WORK-STUDY) / LA POSTE, LOG'ISSIMO

**La Poste PAU PPDC / Apprenticeship contract
September 2023 - Currently**

- Logistics traceability of truck/parcel arrivals and departures
- Performance reporting: scanning rates, on-time delivery, customer satisfaction
- Log'issimo: collection and delivery logistics, local service management (meal delivery, customer delivery)
- Daily use of SAP and the Teliway WMS/TMS

MULTI-SKILLED VOLUNTEER AT A FAMILY RANCH

**K-Diamond-K Ranch, Republic, WA, USA / Volunteer Work
November 2025**

- English-speaking immersion: daily customer service and visitor relations in English
- Versatility and adaptability to varied, demanding activities and initiative
- Active participation in daily ranch operations: guest house management, kitchen and catering assistance

LOGISTICS AND OPERATIONS MANAGER

**La Poste PAU PPDC / Intern
May 2023 - 2 months**

- Implementation of a business continuity plan to maintain logistics efficiency during on-site works
- Development and formalisation of operational processes
- Creation of Excel / Power BI reporting and dashboards, optimisation of complex files
- Integration of AI into optimisation and automation projects
- Coordination with logistics teams and briefing sessions

LOGISTICS ASSISTANT

**Candia Lons / Intern
2022 - 1 month**

- Improved communication, both with customers and internally, to promote smooth interaction.
- Team collaboration encouraging the exchange and sharing of ideas.
- Implementation of an optimization/palletization plan to improve operational efficiency.
- Organizing tasks by priority to meet deadlines and achieve set objectives.
- Working collectively to achieve common goals.
- Initiative to optimize pallet wrap to reduce tearing risk during unloading, integrating CSR principles.
